The applicable charges, duties or other taxes may depend on the status of the Buyer and/or the actual purpose of use of the Product. It is the Buyer’s responsibility to provide correct and complete information to the Seller with any relevant information in this respect, also in case of changes occurring after the time of the Agreement and/or delivery that may affect the charges, duties and/or taxes.

IV. Delivery

The time of delivery, as given by the Seller, has been given as an approximate time, unless it has been otherwise specifically agreed in writing between the parties.

The time of delivery will only be binding upon the Seller when all information necessary for the Seller to comply with its obligations hereunder, have been properly delivered to the Seller in reasonable time before the delivery. In the event the Nomination addresses a spread of dates for delivery, the Seller has the sole discretion to commence the delivery within any time, day/night/shins of these dates, always subject to the circumstances set out below.

Vessel shall under all circumstances be bunkered as promptly as the prevailing circumstances permit, having regard to congestion affecting the delivery facilities of Seller, its Suppliers or Agents and to prior commitments of barges. Seller shall not be liable for any consequences or any time lost due to Buyer's Vessel having to wait for berth for bunkering or for completion of bunkering, and unless otherwise agreed in writing, Seller shall not be obligated to deliver prior to the nominated date or spread of dates.

In any case the Buyer, unless otherwise agreed in writing, must give not less than 72 (seventy-two) hours approximate notice of delivery, which is to be followed by 48 (forty-eight) hours and 24 (twenty-four) hours' notice, where the last notice must specify the exact place of delivery. The notices of delivery must be given to Seller and the Seller's representatives/agents.

The Seller shall be entitled to deliver the Products in special part deliveries, in which case each part delivery shall be construed as a separate delivery.

The Seller shall not be required to deliver any Products for export if any government permit required has not been obtained in due time before the delivery.

If the Seller at any time for any reason believes that there may be a shortage of supply at any place and that it as a result thereof may be unable to meet the demands of all its customers, the Seller may allocate its available and anticipated supply among its customers in such a manner as it may determine most reasonable in its sole discretion.

The Vessel in question shall be accessible at all times to Seller and Supplier and shall be bunkered as promptly as the circumstances permit. The Seller shall not be liable for any demurrage paid or incurred by the Buyer or for any loss, damage or delay of the Vessel of any nature whatsoever due to congestion at the loading terminal, prior commitments of available barges or tank trucks or any other reason.

The Buyer shall ensure that the Vessel provides a free, safe and always afloat and accessible side for the delivery of Products and that all necessary assistance as required by the Seller or the Seller's representative is rendered in connection with the delivery. If in a Supplier's opinion clear and safe berth is unavailable, delivery might be delayed or, in Seller's option, cancelled and all costs related to above will be on account of the Buyer.

In the event that the Buyer's Vessel is not able to receive the delivery promptly, the Buyer is thereby in breach and shall pay damages and/or any reasonable demurrage claim to the barging/supplying facilities and shall indemnify the Seller in each and every respect as a result thereof.

Delivery shall be deemed completed and all risk, including loss damage, deterioration, depreciation, evaporation or shrinkage to the Products delivered shall pass to the Buyer from the time the Products reach the flange/connecting pipeline(s)/delivery hoses provided by the Seller on the barge/ tank truck/shore tank.

If the Buyer for whatever reason is unable or refuses to receive the full quantity ordered, the Seller shall have the right to invoice the Buyer for the loss incurred by having to transport the undelivered Products back to the storage or by having to sell the Products in a degraded form at a lower price than that applicable to the grade originally nominated by the Buyer. The Seller may use this right without prejudice to the Seller's other rights for damages or otherwise pursuant to these terms.

If delivery is required outside normal business hours or on local weekends, Saturday, Sunday, national religious or public holidays the extra expenses incidental to such delivery shall be reimbursed by the Buyer as additional costs.

In the event the Bunker delivery is made by vessel or barge as a ship-to-ship transfer, any damage caused by contact and/or collision and/or swell and/or other weather or sea related condition or incident, such damage is to be dealt with by the Owners directly of the involved units, and Seller/Supplier cannot be held responsible for any such damages. If, however, any of the involved units choose to pursue Seller and/or Supplier, Buyer will fully indemnify and hold Seller harmless in relation thereto.

V. Payment

Payment for the Product shall be made by the Buyer within 30 days and with value date not later than due date. Or, if otherwise agreed, within the number of days stated in the Order Confirmation. In the event payment has been made in advance of the delivery, same shall be adjusted on the basis of the actual quantities of Product supplied and additional payment and/or refund shall be made within 30 days after the completion of the delivery. Payment shall be made in full without set-off, counterclaim, deduction and/or discount, free of bank charges.

Payment shall be deemed to have been made on the date the payment is credited to the account in the bank designated by the Seller. If due date falls on a non-banking day, then payment shall be made on or before the banking day nearest to the due date. If the preceding and succeeding banking day is equally near to the due date, then payment shall be made on or before the preceding banking day. Any delay in and/or refund shall entitle either party to interest at the rate of 1 per cent per month pro rata. In the event of non-payment, the Seller reserves the right to pursue such legal remedies as may be available to them to recover the amount owed.

VI. Transfer of Title

The Seller warrants that it has good title to the Product supplied hereunder. Title to the Product supplied shall pass to the Buyer upon payment for the invoiced amount of the Product delivered, pursuant to the terms of Payment clause hereof. Until such payment is made, on behalf of themselves and the vessel, the Buyer agree that they are in possession of the Product solely as Bailee for the Seller, as the Seller holds retention of title to the Product as purchase money security interest until full payment is received. If, prior to payment, the Seller's Product is commingled with other Product on board the Vessel, title to the Product shall remain with the Seller corresponding to the quantity of the Product supplied. The above is without prejudice to such other rights as the Seller may have under the laws of the governing jurisdiction against the Buyer or the Vessel in the event of non-payment.

VII. Collection and Enforcement

Deliveries of Product hereunder are made not only on the credit of the Buyer, but also on the faith and credit of the Vessel which uses the Product and it is agreed that Seller have and may assert a lien against such Vessel corresponding to the value of the supplied Product. Additionally, the Seller will have and may assert a lien for the said value against such vessel, should the laws applicable at the place of the Seller's address which is set forth in the end of these GTC and/or at the place of delivery of the Product and/or the place of seizure of such vessel, grant or recognize a lien for Product delivered to the vessel. Any and all costs associated with seizure of the vessel shall be for the Buyer's account. Any additional security measures taken by Seller shall not operate as a waiver of this provision.

If at any time price provided under the Agreement does not conform to the applicable laws, regulations or orders of a Government or other competent authority, appropriate price adjustments will be made.

For the avoidance of doubt, the Buyer shall not be entitled to cancel the effect of the lien by wording on the product delivery receipt or otherwise.

VIII. Claims

Any claim as to the quantity or quality of the Products delivered must be presented by the Buyer in writing to the Seller within the number of days that is five (5) calendar days less than the relevant time period limit for presenting such claim under the Supplier's Terms and Conditions, failing which any such claim shall be deemed to be waived and forever barred.

The Buyer shall be obliged to make payment in full (ref Article V above) and fulfil all other obligations in accordance with the terms hereof, whether or not they have any claims or complaints. If Buyer submits a claim against Seller with respect to the quality or quantity of the products supplied, the Seller or the Seller's nominated representative shall be entitled to board the Vessel and investigate the Vessel's records, logbooks, engine logs, etc., and to make copies of any such document the Seller or the Seller's nominated representative may consider necessary for its investigations connected to the case.

In each and every case, any and all claims of the Buyer shall be time barred unless arbitration/legal proceedings have been commenced/issued at the competent tribunal/court set forth in Article XI hereof and served within 6 (six) months from the date of delivery of the Products, or the date that delivery should have commenced pursuant to the written Order Confirmation from the Seller.
